3. You may vote for fewer candidates, but not more than six crosses.
4. The checked ballot paper is then placed in a blank envelope, which is closed.
5. Then put the blank envelope in another envelope that is sealed. (Glued).
6. On the outer envelope, enter the name and address and date of birth of the person who has cast the vote (write clearly, those names not legible will not be counted)
7. If several people use the same envelope, the names of all those using this envelope must be identifiable - no one may vote more than once.
8. The names printed on the outermost envelope are then checked with the parish member registry.
